Appln. No.: 10/069,396 Examiner: T. A. Tran

Filed: February 26, 2002

For: RADIO BASE STATION APPARATUS AND RADIO
COMMUNICATION METHOD

INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants wish to thank the Examiner and his supervisor for the courtesy extended to their representative during the personal interview on July 13, 2005.

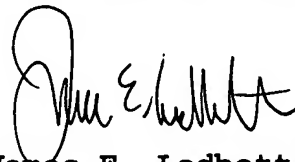

A summary of the substance of the interview is provided below, as required by the Examiner's Interview Summary (PTOL-413) dated July 13, 2005.

Applicants' representative presented the arguments included in Applicants' Response filed May 24, 2005, for distinguishing independent claims 10 and 17 from the Scherzer reference applied in the rejections of claims 10-18. Thereafter, the Examiner stated the basis for his continued rejections of the claims. The Examiner's supervisor indicated that the present rejections would

likely be withdrawn in the next Office communication unless, upon further review, support for the rejections could be identified in Scherzer.

If any issues remain which may best be resolved through a telephone communication, the examiner is requested to telephone the undersigned at the local Washington, D.C. telephone number listed below.

Respectfully submitted,

James E. Ledbetter
Registration No. 28,732
